Principal's Message

Hello Skyeeeeehaaaaawks!

Hopefully, you had a "super" weekend with or without the Super Bowl. Although football is one of the most popular sports in the world, what is more important is the education of our youth. If we were to look at the school year as a football game, Team Liberty has completed the first half. Our students compete every day on the field of learning in our stadiums, or what we call the classrooms. Our team consists of staff, students, parents/guardians, and community members. Our opponents are those elements that hinder a child from reaching his/her potential. The adults in our students' lives are their coaches, providing guidance and support. In this game, every student has a starting position—there is no second string!

We are administering our mid-year assessments (iCAL, iCAM & Interim Assessment Blocks, known as IABs). Teachers, working with parents, have created plans to address areas of concern and to finalize our half-time adjustments. We know we have to work harder to finish the second half strong. Please coach them at home. Help your academic athletes to complete all their assignments with quality, to slow down and do their best on all tests. Encourage your academic players to read every night and to stay committed to learning. With everyone working together, Team Liberty will achieve victory.

Fly High Fly Proud,
George Petersen, Principal
