Principal's Message

Hello Skyeeeeeeeeeehawks!

Island Photography has been awarded the Business-School Partnership Award from Fresno Compact for their work with Liberty Elementary School. Island and Liberty have been working collaboratively together since 2011. Every year since that time, Island has provided the school instructional materials, such as student planners, learning journals, editing folders, posters, bookmarks, certificates, etc. These materials are printed by Island at no expense to the school. These instructional materials are one of a kind, designed by a collaborative effort between Island and the Liberty staff. Most likely you have seen your student using these materials at home. Island is probably better known to you from their work with student portraits and family photos provided at school events. Island has saved the school thousands of dollars through free printing each school year. A big CONGRATULATIONS! and THANK YOU! to Island Photography.

Well, did you see the new electronic radar speed sign? It is located on Perrin. Our community is so fortunate to have the support of so many hard working and caring people. The plan for this radar speed sign began with your response to our annual SART Survey, identifying traffic around Liberty as a safety concern. Your SART representatives designed a plan for the purchase and installation of this sign. This plan involved working with school, district, and city personnel, and eventually connecting with our wonderful Parent Club. What a great example of how we all came together to improve our school. Thank you!
